SPRING / SUMMER

MAY / JUNE 2010

SPECIAL POINTS OF INTEREST:

- Time to mulch!
- We have water plants!
- We now carry bagged mulch, soil, sand and stone!
- We build retaining walls, walkways, patios, fire pits, and complete outdoor kitchens!

GOODBYE WINTER!

We certainly got our fair share of snow this past Winter! Thankfully, the weather improved quickly with the onset of Spring and it is time to think about our yards and landscaping.

Stop by our **complete garden center** and see our wide variety of **flowering, evergreen, and deciduous trees and shrubs.**

Do you have a pond or water feature? We are excited about our **expanded line of water plants** such as **hyacinth, variegated water celery, micro cattail, pitcher plant, calla lily, royal pickeral rush, imperial taro, and red water dock.** Hurry, supplies are limited.

We carry **perennials** for your sun or shade garden including **daylilies in surprising shades of cran-**

berry-red, rose pink, orange-red, and pale pink (as well as yellow!) plus ornamental grasses.

Remember, mulch in your landscape saves time, money, and effort by reducing the amount of watering required and by reducing weeds.

We stock **double shredded mulch** in **natural brown, and in dyed red, brown, and black** for pickup or delivery.

NEW THIS YEAR!! We are carrying **bagged mulch including cypress and red oak, topsoil, compost, peat moss, stone and sand.**

Putting in a garden this year or need to patch your lawn? We carry **screened topsoil** that is kept covered and dry and **organic mushroom**

compost available for pickup or delivery.

In **decorative stone** we have **red rock, carnation pink, eastern sunrise, barn red, and Canadian blue.** In nondecorative stone we carry **two types of limestone, limestone sand, three types of gravel, and mason sand.**

We'd like to thank everyone who stopped by our **hardscape display at the Beaver Valley Mall.** We appreciated the opportunity to show off the quality work of our **certified concrete paver installers** from the **Interlocking Concrete Paver Institute.** Please stop by our garden center to see pictures of our many other completed hardscape projects or to pick up a catalog of design ideas. And, as always, we provide **free estimates.**

WHAT'S AHEAD THIS SEASON

This Summer consider adding a **summer flowering shrub or shade tree** to your landscape. We have a variety of **hydrangea bushes** in shades of blue, pink, and lime. For shade, we have **Red Sunset, Norway, Crimson Sentry maples**

and Cleveland Pears.

Our garden shop carries genuine **Kay Berry stones made in Saxonburg!** Stop in to see the variety of pre-made stones we have or customize an order from the Kay Berry catalog.

Don't forget our **Steeler Store** for Father's (or Mother's) Day! From **grill covers and accessories to bird feeders and wind chimes** we have just about everything for the Steeler Fan!
